3. Differentiate boundary crossings from boundary violations, and describe how boundary drift develops in CAC and multidisciplinary team settings
4. Apply a three-step confidentiality framework to determine whether information can be released, what to communicate to each party, and which ethical principles apply

ATTENDANCE AND CE CREDIT

For Zoom sessions, attendance is tracked with Zoom participant reports, which record each participant's join and leave times as the official record of participation. For in-person sessions, attendance is verified with a monitored sign-in and sign-out record each day. Please join using your full name as registered. Joining under a nickname, a colleague's name, or a partial name may delay your certificate.

To receive CE credit, you must attend the entire training and complete the post-training evaluation. **Partial credit is not available**, and certificates can't be issued for watching a recording in place of live attendance. Certificates are issued within 5 business days of completing the evaluation.

If a technical problem pulls you out of the session, rejoin as quickly as you can and let the trainer know in the chat. If you miss part of the training, CE credit can't be issued. Transfers to a future offering for missed time are at Ashley Fiore, LCSW PLLC's discretion and are not guaranteed.
